

NASTTPO MID-YEAR TRAINING WORKSHOP

OCTOBER 16-19, 2017

DRAFT FINAL AGENDA

Monday - October 16, 2017 Afternoon

1:00-4:00 Zero-Cost Tier 2 Report Management Workshop using Tier2Submit/CAMEO

Panel:

**Brianne Connolly-- NOAA CAMEO Suite Project Manager
Kristen Faiferlick - CAMEO and Tier2Submit Technical Writer
Kenny Harmon - Arkansas Tier 2 Manager; SERC Member
Tim Gablehouse - Colorado SERC Member
Henry Jolly - New Mexico Tier 2 Manager; SERC Member
Tom Bergman - Oklahoma Tier 2 Manager; SERC Member**

The workshop will focus on strategies for effective, zero-cost management of Tier 2 reports using a combination of Tier2Submit, CAMEO and Google Earth Products. Arkansas, Colorado, New Mexico, and Oklahoma have all implemented a “1-stop-shop” system for Tier2 collection, management and distribution. The regulated community submits Tier 2 reports electronically to the state office, and does not send duplicate reports to the LEPCs and FDs. Essentially, all these states have implemented their Tier 2 system at zero-cost by utilizing Tier 2 Submit software as the required submission software. Each state officer will provide a presentation on their system. Kristen Faiferlick will present on a NOAA project to make Tier 2 information available as an “application” for tablets and other devices. Brianne Connolly will discuss NOAA plans for future development of Tier2 Submit and CAMEO as pertaining to Tier2 Chemical Reporting.

Note: NASTTPO is aware that many states have implemented electronic Tier 2 filing via commercial or proprietary software, often supported by fees. This workshop is designed to share the experiences of states in implementing a "1-stop-shop" Tier 2 report collection, management, and distribution system using a low to zero cost option.

2:00-4:00 PHMSA One on One Workshop

4:00 pm Board Meeting

4:00 pm Registration Begins

Tuesday - October 17, 2017

8:00 am Coffee and visit with NASTTPO Board and Speakers

8:30 am Welcome

Greeting from HotZone Committee

9:00 – 10:00 am Dr. Kristen Kulinowski – Member US Chemical Safety Board

10:00–10:30 am Break

10:30–11:30 am Hillsborough County approach to risk analysis - Joe Mastandrea, Senior Program Coordinator - Office of Emergency Management

LUNCH on your own 11:30 am-1:00 pm

1:00 – 2:00 pm PHMSA Presentation Final Report Expectations and New HMEP Reporting Requirements – PHMSA Staff

2:00 – 2:30 pm Break

2:30 – 3:30 NOAA – CAMEO Software Suite Developments (Brianne Connolly and Kristen Fairferlick)

3:30 – 4:30 pm DHS/Infrastructure Protection: Programs at Your Fingertips-An Overview and Update (DHS Staff)

5:30 – 7:30 pm President’s reception

Wednesday October 18, 2017

- 8:00 am Visit with NASTTPO Board Members and Speakers
- 8:30 – 9:15 am EPA Western Regions SERC Collaboration Program – Bill Jones (Region 9) and Rebecca Broussard (Region 8)
- 9:15 – 10:00 am National Spill Reporting – Steve Mason EPA Region 6
- 10:00 – 10:30 am Break
- 10:30 –11:30 am Making the Most of Your Exercises in an Austere Budget Environment – CDR Joseph J. Leonard, Jr. (USCG, ret.), Senior Consultant – Center for Toxicology & Environmental Health
- LUNCH on your own 11:30 am to 1:15 pm
- 1:15 – 2:15 pm EPA UPDATE – EPA Headquarters [TBD]
- 2:15 – 2:45 pm Break
- 2:45 – 3:45 pm Transcaer – Donna Lepik
- 3:45 – 4:00 pm Renewed LEPC Survey Program – Tom Bergman

Thursday October 19, 2017

- 8:00 – 5:00 pm CAMEO Suite Training

The training is held in association with HotZone. All NASTTPO members registered for the Mid-Year Training Workshop are welcome to attend. Participants are expected to provide their own laptops for the training. Topics will include basic uses of CAMEO Chemicals and Reactivity Worksheet, importing map shape files, making your own map objects using EXCEL spreadsheets, ALOHA plume modeling for HazMat planning and responses, and transferring plume and other map information from CAMEO to Google Earth and ESRI products.
